**RE: Transmittal of August 1998 Aerial Photograph Copies**

Dear Ms. Wright:

As requested by the Department of Oil, Gas and Mining, attached are copies of aerial photographs taken during the August 5, 1998 flight. There are 25 separate photographs covering all active areas within the permit boundaries of M/035/002. The photographs were taken at a nominal scale of 1:24,000 and provide stereoscopic coverage of the Mine, Concentrators and Tailings Impoundment. These photographs do contain proprietary information, so KUCC requests that they not be copied, that they remain in control of DOGM personnel at all times, and that they not be stored in areas with general public access.

If you have any questions or comments please call me at 252-3257.

Sincerely,

A handwritten signature in blue ink that reads "Paula H. Doughty".

Manager, Environmental Compliance
